ABOUT THE INSTITUTION

The Lord Buddha Institute is dedicated to nurturing academic excellence and fostering holistic growth through its comprehensive professional undergraduate and postgraduate programs. With a strong emphasis on personality development, the institute combines rigorous academics with co-curricular activities designed to enhance critical thinking, leadership, and interpersonal skills. Courses are tailored to promote a well-rounded education, integrating ethical values, cultural awareness, and professional readiness. Students benefit from a supportive learning environment, expert faculty, and practical exposure, ensuring they emerge as confident, capable, and compassionate leaders equipped to make meaningful contributions to society.

The motto of the Lord Buddha Institute of Technology and Science College is Education, Empowerment, and Enhancement. The college is housed in a naturally and aesthetically designed campus, which provides a perfect setting for focused learning. It aims to offer job-oriented education to students. The institute is affiliated with the University of Kota. The college stands for academic excellence, skill development, and character building. LBITSC aims to produce intellectually trained, morally upright, socially committed, and spiritually inspired students for the nation.

CAMPUS LIFE

NCC (NATIONAL CADET CORPS) AND NSS (NATIONAL SERVICE SCHEME)

Our college offers NCC (National Cadet Corps) and NSS (National Service Scheme) to promote discipline, leadership, and social responsibility among students. NCC trains students in physical fitness, military drills, and patriotism, fostering leadership and a spirit of national service. NSS engages students in community service activities like health camps, cleanliness drives, and social awareness programs. Both platforms help in holistic personality development and instill values of teamwork, discipline, and civic sense. Participation in these programs also enhances students' career prospects and personal growth.

SEMINARS & EXPERT LECTURES

Seminars and Expert lectures in LBITS enhance student learning by providing real-world perspectives and connecting theoretical knowledge with practical applications. These events also offer networking opportunities and career guidance.

Expert and guest lecturers from various industries and diverse backgrounds are invited to provide students with valuable practical insights and real-world exposure.

OPEN AIR SESSION

Open-air sessions in LBITS college provide a refreshing and engaging learning environment where students can explore educational concepts beyond traditional classroom settings. These sessions focus on interactive teaching techniques, group discussions, and practical activities, fostering creativity and collaboration. These sessions involve various activities like games, competition, cultural programs, simply socializing and enjoying the out doors.
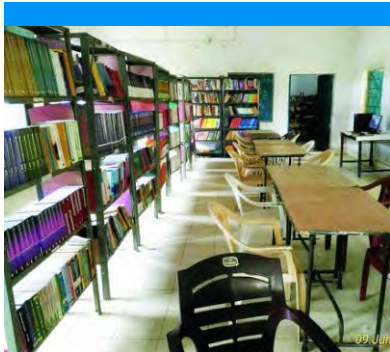

EXCURSION

Excursions or educational field trips at LBITSC are planned journeys undertaken by groups of students to locations outside their regular learning environment. These trips may serve educational, geographical, or historical purposes, offering students the opportunity to learn in real-world settings.

SOUL PROGRAM

LBITS college offers the SOUL program to insure the physical and mental fitness of their students. under SOUL we conduct in house session of yoga imbibed with the teaching of "Shrimad Bhagwat Geeta" that takes care of the body and mind cleansing of the students.
